

Belgium Designed Switches and Dimmers

MADE IN BELGIUM

Lithoss is an internationally renowned design company that has been manufacturing design switches for fifteen years now.

From design, develop, and manufacture their design light switches and related products from beginning to end in Belgium. All of these elements, combined with the fact that we only use premium materials, guarantee that Lithoss products are of extremely high quality.

The things that provide Lithoss with its unique and exclusive character are the practically endless possibilities regarding functionality, finish, recessed or surface-mounted installation, combination options, and personalization.

Next to the formal aspects, Lithoss also offers a broad range of different applications. Switches, sockets, USB chargers, sensors, and thermostats, are possibly linked to the most advanced home automation systems.
